SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier

Product form : Mixture
Trade name : Prolystica® Ultra Concentrate Lubricant
Product code : 1C05

1.2. Relevant identified uses of the substance or mixture and uses advised against

1.2.1. Relevant identified uses

Industrial/Professional use spec : For hospital and professional use only. Not for home use.
Use of the substance/mixture : Instrument Lubricant

1.2.2. Uses advised against

No additional information available.

1.3. Details of the supplier of the safety data sheet

Manufacturer:
STERIS Corporation
P. O. Box 147, St. Louis, MO 63166, US
Telephone Number for Information: 1-800-548-4873 (Customer Service-Healthcare Products)
US Emergency Telephone No.1-314-535-1395 (STERIS); 1-800-424-9300 (CHEMTREC)

Supplier:
Device Technologies Australia Pty Ltd
1 Garigal Road,
Belrose NSW 2085, Australia
Telephone: 1 800 429 551
Fax: 612 9975 5711

Device Technologies New Zealand Limited
47 Arrenway Drive, Albany, Auckland, 0632
New Zealand
Tel: 0508 338 423, Fax: 649 9913 2009

1.4. Emergency telephone number

Emergency number : 1 800 429 551 (24 hours) Australia
0508 338 423 (New Zealand)
CHEMTREC International: 1-703-741-5970

SECTION 2: Hazards identification

2.1. Classification of the substance or mixture

Classification according to NOHSC : Non-Hazardous Substance. Non-Dangerous Goods

Adverse physicochemical, human health and environmental effects

No additional information available.

2.2. Label elements

Labelling according to Regulation (EC) No. 1272/2008 [CLP] Not applicable

2.3. Other hazards

No additional information available.

SECTION 3: Composition/information on ingredients

3.1. Substance

Not applicable.

Full text of H-phrases: see Section 16.
### 3.2. Mixture

### SECTION 4: First aid measures

#### 4.1. Description of first aid measures

First-aid measures general: Never give anything by mouth to an unconscious person. If you feel unwell, seek medical advice (show the label where possible).

First-aid measures after inhalation: Remove patient to fresh air and keep at rest in a position comfortable for breathing. Seek medical advice.

First-aid measures after skin contact: Immediately flush skin with plenty of water for at least 15 minutes. Remove immediately all contaminated clothing. Obtain medical attention.

First-aid measures after eye contact: In case of contact with eyes flush immediately with plenty of flowing water for 10 to 15 minutes holding eyelids apart and consult an ophthalmologist. Remove contact lenses, if present and easy to do. Continue rinsing. Seek medical attention immediately.

First-aid measures after ingestion: If swallowed, rinse mouth with water (only if the person is conscious). Immediately call a POISON CENTER or doctor/physician. Do NOT induce vomiting. Give water to drink if victim completely conscious/alert.

#### 4.2. Most important symptoms and effects, both acute and delayed

Symptoms/injuries: Not considered irritating to eyes or skin.

Symptoms/injuries after inhalation: Inhalation of airborne droplets or aerosols may cause irritation of the respiratory tract. Repeated exposure to aerosols may result in lung damage.

Symptoms/injuries after skin contact: Frequent or prolonged contact with skin may cause dermal irritation.

#### 4.3. Indication of any immediate medical attention and special treatment needed

No additional information available.

### SECTION 5: Firefighting measures

#### 5.1. Extinguishing media

Suitable extinguishing media: Use fire-extinguishing media appropriate for surrounding materials.

#### 5.2. Special hazards arising from the substance or mixture

Hazardous decomposition products in case of fire: Carbon oxides.

#### 5.3. Advice for firefighters

Firefighting instructions: Exercise caution when fighting any chemical fire. Cool closed containers exposed to fire with water spray. Do not get water inside containers. Prevent fire-fighting water from entering environment.

Protective equipment for firefighters: Use self-contained breathing apparatus. Do not enter fire area without proper protective equipment, including respiratory protection.

Other information: In case of fire, extremely flammable butene monomers may be produced. Containers may swell and burst during a fire due to internal pressure caused by heat.

### SECTION 6: Accidental release measures

#### 6.1. Personal precautions, protective equipment and emergency procedures

General measures: Avoid inhalation of vapour and spray mist. Avoid contact with skin, eyes and clothes. Use personal protective equipment as required. Stop leak if safe to do so.

**6.1.1. For non-emergency personnel**

Emergency procedures: Evacuate unnecessary personnel.

**6.1.2. For emergency responders**

Protective equipment: Equip cleanup crew with proper protection.

Emergency procedures: Ensure adequate ventilation.

#### 6.2. Environmental precautions

Avoid release to the environment. Prevent entry to sewers and public waters. Notify authorities if liquid enters sewers or public waters.
6.3. Methods and material for containment and cleaning up

Methods for cleaning up: Spills may be picked up with a mop and followed by a water rinse. Wash contaminated areas with large quantities of water to a sanitary sewer, if in accordance with local, state or national legislation. Large spills: Contain any spills with dikes or absorbents to prevent migration and entry into sewers or streams. Soak up spills with inert solids, such as clay or diatomaceous earth as soon as possible. Collect in closed containers for disposal. Dispose of waste according to applicable legislation. Ensure all national/local regulations are observed.

6.4. Reference to other sections

See Heading 8. Exposure controls and personal protection.

SECTION 7: Handling and storage

7.1. Precautions for safe handling

Precautions for safe handling: Read label before use. Avoid contact with skin, eyes and clothing. Avoid breathing mist or Vapour. Keep container closed when not in use. Work in a well-ventilated area.

Hygiene measures: Wash hands thoroughly after handling. Take care for general good hygiene and housekeeping. Do not eat, drink or smoke when using this product. Wash contaminated clothing before reuse.

7.2. Conditions for safe storage, including any incompatibilities

Technical measures: A washing facility/water for eye and skin cleaning purposes should be present. Provide local exhaust or general room ventilation.

Storage conditions: Keep out of reach of children. Keep only in the original container in a cool, well ventilated place. Store at room temperature. Avoid freezing. Keep away from heat/sparks/open flames/hot surfaces. - No smoking. Store in a cool place below 32°C (90°F).

Incompatible materials: Strong oxidizers.

7.3. Specific end use(s)

No additional information available.

SECTION 8: Exposure controls/personal protection

8.1. Control parameters

No additional information available.

8.2. Exposure controls

Appropriate engineering controls: Provide local exhaust or general room ventilation. Emergency eye wash fountains and safety showers should be available in the immediate vicinity of any potential exposure.

Personal protective equipment: Avoid all unnecessary exposure. Personal protective equipment should be selected based upon the conditions under which this product is handled or used. Protective clothing. Gloves. Protective goggles.

Hand protection: Wear rubber gloves.

Eye protection: Wear chemical goggles or safety glasses.

Respiratory protection: The need for respiratory protection is not anticipated under normal use conditions and with adequate ventilation. Work in well-ventilated zones or use proper respiratory protection.

Other information: Do not eat, drink or smoke during use.

SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

<table>
<thead>
<tr>
<th>Property</th>
<th>Value</th>

No data available

### Vapour pressure
No data available

### Relative vapour density at 20 °C
No data available

### Relative density
No data available

### Density
Approximately 0.85 g/ml Specific Gravity

### Solubility
Water: Completely soluble

### Log Pow
No data available

### Viscosity, kinematic
No data available

### Viscosity, dynamic
No data available

### Explosive properties
No data available

### Oxidising properties
No data available

### Explosive limits
No data available

#### 9.2. Other information
No additional information available.

### SECTION 10: Stability and reactivity

#### 10.1. Reactivity
No additional information available.

#### 10.2. Chemical stability
Stable under normal conditions of use.

#### 10.3. Possibility of hazardous reactions
Hazardous polymerization will not occur.

#### 10.4. Conditions to avoid
No additional information available.

#### 10.5. Incompatible materials
Strong oxidizers.

#### 10.6. Hazardous decomposition products
Hazardous decomposition products may be released during prolonged heating like smokes, carbon monoxide and dioxide. Unburned hydrocarbons.

### SECTION 11: Toxicological information

**14.6. Special precautions for user**

**14.6.1. Overland transport**

No additional information available.

**14.6.2. Transport by sea**

No additional information available.

**14.6.3. Air transport**

No additional information available.

**14.6.4. Inland waterway transport**

No additional information available.

**14.6.5. Australia**

ADG/HazChem Code: Non-Hazardous

**14.7. Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code**

Not applicable.
SECTION 15: Regulatory information

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

15.1.1. Australia
AICS Listed or Exempt. Hazard Category : NA

15.1.2. EU-Regulations
No REACH Annex XVII restrictions.
Contains no REACH candidate substance.

15.1.3. National regulations – New Zealand
HSNO Approval Number: NA
HSNO Group Standard Name: Non-hazardous according to HSNO

15.2. Chemical safety assessment
No chemical safety assessment has been carried out.

SECTION 16: Other information

Revision Date : 04/01/2019
