SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier
Product form: Mixture
Trade name: LabKlenz® 200 – Acid Detergent
Product code: 1L20

1.2. Relevant identified uses of the substance or mixture and uses advised against
Use of the substance/mixture: Acid Detergent

1.3. Details of the supplier of the safety data sheet
STERIS Corporation
P. O. Box 147, St. Louis, MO 63166, US
Telephone Number for Information: 1-800-444-9009 (Customer Service-Scientific Products)

1.4. Emergency telephone number
Emergency number: US Emergency Telephone No.1-314-535-1395 (STERIS); 1-800-424-9300 (CHEMTREC)

SECTION 2: Hazards identification

2.1. Classification of the substance or mixture
GHS-US classification
- Acute Tox. 4 (Oral): H302
- Acute Tox. 4 (Inhalation: dust, mist): H332
- Skin Corr. 1B: H314
- Eye Dam. 1: H318

2.2. Label elements
GHS-US labelling
Hazard pictograms (GHS-US):

- GHS05
- GHS07

Signal word (GHS-US): Danger
Hazard statements (GHS-US):
- H290 - May be corrosive to metals
- H302 + H332 - Harmful if swallowed or if inhaled
- H314 - Causes severe skin burns and eye damage

Precautionary statements (GHS-US):
- P234 - Keep only in original container
- P260 - Do not breathe mist, spray, vapors
- P261 - Avoid breathing mist, spray, vapors
- P264 - Wash hands thoroughly after handling
- P267 - Do not eat, drink or smoke when using this product
- P280 - Wear protective gloves/protective clothing and eye/face protection
- P301 + P312 – IF SWALLOWED: Call a doctor if you feel unwell
- P301 + P330 + P331 – IF SWALLOWED: Rinse mouth. Do NOT induce vomiting
- P303 + P361 + P333 – IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower
- P304 + P340 – IF INHALED: Remove person to fresh air and keep comfortable for breathing
- P305 + P351 + P338 – IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing
- P406 – Store in corrosive resistant container with a resistant inner liner
- P501 – Dispose of contents/container to comply with applicable local, national and international regulation.

2.3. Other hazards
No additional information available.

SECTION 3: Composition/information on ingredients

3.1. Substance
Not applicable.
Full text of H-phrases: see Section 16.
3.2. Mixture

### SECTION 4: First aid measures

#### 4.1. Description of first aid measures

**First-aid measures general**: Never give anything by mouth to an unconscious person. If you feel unwell, seek medical advice (show the label where possible).

**First-aid measures after inhalation**: Remove to fresh air and keep at rest in a position comfortable for breathing. If not breathing, give artificial respiration. Get medical attention.

**First-aid measures after skin contact**: Immediately flush skin with plenty of water for at least 15 minutes. Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower. Get medical advice/attention.

**First-aid measures after eye contact**: In case of contact with eyes flush immediately with plenty of flowing water for 10 to 15 minutes holding eyelids apart and consult an ophthalmologist. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately get medical attention.

**First-aid measures after ingestion**: If victim completely conscious/alert. Rinse mouth. Do NOT induce vomiting. Immediately call a POISON CENTER or doctor/physician. Give water or milk if the person is fully conscious.

#### 4.2. Most important symptoms and effects, both acute and delayed

**Symptoms/injuries**: Symptoms may be delayed. Corrosive to eyes and skin. Causes severe skin burns and eye damage.

**Symptoms/injuries after inhalation**: Toxic if inhaled.

**Symptoms/injuries after skin contact**: Corrosive to eyes and skin.

**Symptoms/injuries after eye contact**: Causes serious eye damage.

**Symptoms/injuries after ingestion**: Swallowing a small quantity of this material will result in serious health hazard. Irritating to the respiratory system, may cause throat pain and cough.

#### 4.3. Indication of any immediate medical attention and special treatment needed

No additional information available.

### SECTION 5: Firefighting measures

#### 5.1. Extinguishing media

**Suitable extinguishing media**: Use extinguishing media appropriate for surrounding fire. Foam. Dry powder. Carbon dioxide. Sand.

**Unsuitable extinguishing media**: Do not use a heavy water stream.

#### 5.2. Special hazards arising from the substance or mixture

#### 5.3. Advice for firefighters

**Firefighting instructions**: Exercise caution when fighting any chemical fire. Prevent fire-fighting water from entering environment.

**Protective equipment for firefighters**: Use self-contained breathing apparatus. Do not enter fire area without proper protective equipment, including respiratory protection.

**Other information**: Very flammable gas (hydrogen)may be formed on contact with metals.

### SECTION 6: Accidental release measures

#### 6.1. Personal precautions, protective equipment and emergency procedures

**General measures**: Do not breathe fumes, vapors. Avoid contact with skin, eyes and clothes.

**For non-emergency personnel**: Wear protective gloves and eye/face protection. For further information refer to Section 8: Exposure-controls/personal protection.

**Emergency procedures**: Stop leak if safe to do so. Evacuate unnecessary personnel.

#### 6.2. For emergency responders

**Protective equipment**: Equip cleanup crew with proper protection.

**Emergency procedures**: Ventilate area.
6.2. Environmental precautions

Prevent entry to sewers and public waters. Notify authorities if liquid enters sewers or public waters.

6.3. Methods and material for containment and cleaning up

Methods for cleaning up: Contain any spills with dikes or absorbents to prevent migration and entry into sewers or streams. Leftovers: Neutralize with sodium bicarbonate. Neutralize with dry sodium carbonate. Soak up spills with inert solids, such as clay or diatomaceous earth as soon as possible. Absorb spillage to prevent material damage. Collect spillage. Store away from other materials. Comply with applicable local, national and international regulation.

6.4. Reference to other sections

See Heading 8. Exposure controls and personal protection.

SECTION 7: Handling and storage

7.1. Precautions for safe handling

Additional hazards when processed: May be corrosive to metals.

Precautions for safe handling: Product for industrial use only. Read label before use. Provide good ventilation in process area to prevent formation of vapor. Avoid all eye and skin contact and do not breathe vapor and mist. Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work.

Hygiene measures: Take care for general good hygiene and housekeeping. Wash hands thoroughly after handling. Do not eat, drink or smoke when using this product.

7.2. Conditions for safe storage, including any incompatibilities

Technical measures: Provide adequate ventilation. A washing facility/water for eye and skin cleaning purposes should be present.

Storage conditions: Keep only in the original container in a cool, well ventilated place. Keep container closed when not in use.

Storage area: Store in dry, cool, well-ventilated area.

Special rules on packaging: Correctly labelled.

Packaging materials: Keep only in the original container. Store in corrosive resistant container with a resistant inner liner.

7.3. Specific end use(s)

No additional information available.

SECTION 8: Exposure controls/personal protection

8.1. Control parameters

<table>
<thead>

</tr>
</tbody>
</table>

8.2. Exposure controls

Appropriate engineering controls: Ensure adequate ventilation. Emergency eye wash fountains and safety showers should be available in the immediate vicinity of any potential exposure.

Personal protective equipment: Avoid all unnecessary exposure. Personal protective equipment should be selected based upon the conditions under which this product is handled or used. Protective clothing. Gloves. Protective goggles.

Hand protection: Wear rubber gloves of suitable material, such as butyl, natural, neoprene, nitrile, polyethylene, polyvinyl chloride.

Eye protection: Wear chemical splash goggle.

Skin and body protection: Wear suitable protective clothing. Wear long sleeves. Boots.

Respiratory protection: Work in well-ventilated zones or use proper respiratory protection. Wear appropriate mask.

Other information: Do not eat, drink, or smoke during use.
SECTION 9: Physical and chemical properties

9.2. Other information

No additional information available.

SECTION 10: Stability and reactivity

10.1. Reactivity

No additional information available.

10.2. Chemical stability

Stable under normal conditions of use.

10.3. Possibility of hazardous reactions

Hazardous polymerization will not occur.

10.4. Conditions to avoid

Extremely high or low temperatures.

10.5. Incompatible materials

10.6. Hazardous decomposition products

SECTION 11: Toxicological information

11.1. Information on toxicological effects

Acute toxicity : Harmful if swallowed. Harmful if inhaled.

12.2. Persistence and degradability

LabKlenz® 200 – Acid Detergent

Persistence and degradability: The surfactant(s) contained in this preparation complies with the biodegradability criteria as laid down in Regulation (EC) No. 648/2004 on detergents. Data to support this assertion are held at the disposal of the competent authorities of the Member States and will be made available to them, at their direct request or at the request of a detergent manufacturer.

12.3. Bioaccumulative potential

LabKlenz® 200 – Acid Detergent

Bioaccumulative potential: Not established
LabKlenz® 200
Acid Detergent
Safety Data Sheet
according to the federal final rule of hazard communication revised on 2012 (HazCom 2012)

**Citric acid (77-92-9)**

| Log Pow | -1.72 (at 20 °C) |

12.4. Mobility in soil
No additional information available.

12.5. Results of PBT and vPvB assessment
No additional information available.

12.6. Other adverse effects

Other information : Avoid release to the environment.

### SECTION 13: Disposal considerations

13.1. Waste treatment methods

Waste disposal recommendations : Dispose in a safe manner in accordance with local/national regulations.

Additional information : Unused product : Hazardous waste (corrosive) based on pH.

Ecology - waste materials : Avoid release to the environment.

### SECTION 14: Transport information

In accordance with DOT / ADR / RID / IMDG / IATA / ADN

14.1. UN number

UN-No : 1805
UN-No.(IATA) : 1805
UN-No. (IMDG) : 1805

14.2. UN proper shipping name

Proper Shipping Name : PHOSPHORIC ACID, LIQUID

Transport document description : UN 1805 PHOSPHORIC ACID, LIQUID, 8, III

14.3. Transport hazard class(es)

Class (UN) : 8
Class (IMDG) : 8
Hazard labels (UN) : 8

14.4. Packing group

Packing group (UN) : III

14.5. Environmental hazards

Other information : Corrosive.

14.6. Special precautions for user

Special transport precautions : 4 x 1 gal package not approved for air shipment.

14.6.1. Overland transport

Hazard identification number (Kemler No.) : 80
Classification code (UN) : C1
Orange plates :

Transport category (ADR) : 3
Tunnel restriction code : E
Limited quantities (ADR) : 5L
Excepted quantities (ADR) : E1
EAC code : 2R
**14.6.2. Transport by sea**
No additional information available.

**14.6.3. Air transport**
No additional information available.

**14.7. Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code**
Not applicable.

**SECTION 15: Regulatory information**

**15.1. US Federal regulations**

<table>

NFPA health hazard : 2 - Intense or continued exposure could cause temporary incapacitation or possible residual injury unless prompt medical attention is given

NFPA fire hazard : 0 - Materials that will not burn.

NFPA reactivity : 1 - Normally stable, but can become unstable at elevated temperatures and pressures or may react with water with some release of energy, but not violently

SDS US (GHS HazCom 2012)
The information on this sheet is not a specification and does not guarantee specific properties. The information is intended to provide general knowledge as to health and safety based upon our knowledge of the handling, storage and use of the product. It is not applicable to unusual or non-standard uses of the product or where instruction or recommendations are not followed.
