SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier
Product form : Mixture
Trade name : PRE-KLENZ™ Instrument Transport Gel
Product code : 1503

1.2. Relevant identified uses of the substance or mixture and uses advised against
Use of the substance/mixture : Instrument PreSoak
Use of the substance/mixture : For professional use only

1.3. Details of the supplier of the safety data sheet
STERIS Corporation
P. O. Box 147, St. Louis, MO 63166, US
Telephone Number for Information: 1-800-548-4873 (Customer Service - Healthcare Products)

1.4. Emergency telephone number
Emergency number : US Emergency Telephone No.1-314-535-1395 (STERIS); 1-800-424-9300 (CHEMTREC)

SECTION 2: Hazards identification

2.1. Classification of the substance or mixture
GHS-US classification
Non-hazardous.

2.2. Label elements
GHS-US labelling
Signal word (GHS-US) : Not classified.
Hazard statements (GHS-US) : Not applicable.
Precautionary statements (GHS-US) : Not applicable.

2.3. Other hazards
No additional information available.

2.4. Unknown acute toxicity (GHS-US)
No data available.

SECTION 3: Composition/information on ingredients

3.1. Substance
Not applicable.

3.2. Mixture
Not applicable.

SECTION 4: First aid measures

4.1. Description of first aid measures
First-aid measures general : Never give anything by mouth to an unconscious person. If you feel unwell, seek medical advice (show the label where possible).
First-aid measures after inhalation : If not breathing, give artificial respiration. Get medical attention. Assure fresh air breathing. Allow the victim to rest. In case of breathing difficulties administer oxygen, by trained personnel.
First-aid measures after skin contact : Immediately flush skin with plenty of water for at least 15 minutes. Obtain medical attention.
First-aid measures after eye contact : In case of contact with eyes flush immediately with plenty of flowing water for 10 to 15 minutes holding eyelids apart and consult an ophthalmologist. Obtain medical attention if irritation persists.
First-aid measures after ingestion : If swallowed, rinse mouth with water (only if the person is conscious). Give water to drink if victim completely conscious/alert. Do NOT induce vomiting. Obtain emergency medical attention.

4.2. Most important symptoms and effects, both acute and delayed
Symptoms/injuries : Not expected to present a significant hazard under anticipated conditions of normal use.
Symptoms/injuries after skin contact : Non irritant to skin.
**4.3. Indication of any immediate medical attention and special treatment needed**
No additional information available.

**SECTION 5: Firefighting measures**

**5.1. Extinguishing media**
Suitable extinguishing media: Use fire-extinguishing media appropriate for surrounding materials.

**5.2. Special hazards arising from the substance or mixture**
No additional information available.

**5.3. Advice for firefighters**

- **Firefighting instructions**: Exercise caution when fighting any chemical fire. Prevent fire-fighting water from entering environment.
- **Protective equipment for firefighters**: Do not enter fire area without proper protective equipment, including respiratory protection.
- **Other information**: Hazardous decomposition products may be released during prolonged heating like smokes, carbon monoxide and dioxide.

**SECTION 6: Accidental release measures**

**6.1. Personal precautions, protective equipment and emergency procedures**

- **General measures**: Avoid inhalation of Vapor and spray mist. Avoid contact with skin, eyes and clothes. Use personal protective equipment as required. Stop leak if safe to do so.

**6.1.1. For non-emergency personnel**

- **Emergency procedures**: Evacuate unnecessary personnel.

**6.1.2. For emergency responders**

- **Protective equipment**: Equip cleanup crew with proper protection.

- **Environmental precautions**: Avoid release to the environment. Prevent entry to sewers and public waters. Notify authorities if liquid enters sewers or public waters.

**6.3. Methods and material for containment and cleaning up**

- **Methods for cleaning up**: Spills may be picked up with a mop and followed by a water rinse. Small spills may be flushed to a sanitary sewer with copious amounts of water. Large spills: Soak up spills with inert solids, such as clay or diatomaceous earth as soon as possible. Collect in closed containers for disposal. Ensure all national/local regulations are observed.

**6.4. Reference to other sections**
See Heading 8. Exposure controls and personal protection.

**SECTION 7: Handling and storage**

**7.1. Precautions for safe handling**

- **Precautions for safe handling**: Read label before use. Keep container closed when not in use. Work in a well-ventilated area. Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work.

- **Hygiene measures**: Wash hands thoroughly after handling. Take care for general good hygiene and housekeeping. Do not eat, drink or smoke when using this product. Wash contaminated clothing before reuse.

**7.2. Conditions for safe storage, including any incompatibilities**

- **Technical measures**: A washing facility/water for eye and skin cleaning purposes should be present. Provide local exhaust or general room ventilation.

- **Storage conditions**: Keep out of reach of children. Keep only in the original container in a cool, well ventilated place. Store at room temperature. Avoid freezing. Keep container closed when not in use.

**7.3. Specific end use(s)**
No additional information available.

**SECTION 8: Exposure controls/personal protection**

**8.1. Control parameters**
No additional information available.
8.2. Exposure controls

Appropriate engineering controls: Not required based on the use and classification of this product as non-corrosive.

Personal protective equipment: PRE-KLENZ would not be considered hazardous or irritating according to OSHA regulations, however, personal protective equipment should be worn in accordance with OSHA bloodborne pathogen guidelines when handling soiled instruments.

Hand protection: Wear protective gloves, rubber gloves.

Eye protection: Wear chemical goggles or safety glasses.

Respiratory protection: The need for respiratory protection is not anticipated under normal use conditions and with adequate ventilation.

Other information: Do not eat, drink or smoke during use.

SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

Physical state: Liquid

Appearance: Slightly hazy viscous liquid

Color: Light straw

Odor: Floral citrus aroma

Odor threshold: No data available

pH: 7.0 Approximately

Relative evaporation rate (butyl acetate=1): No data available

Melting point: No data available

Freezing point: No data available

Boiling point: No data available

Flash point: No data available

Auto-ignition temperature: No data available

Decomposition temperature: No data available

Flammability (solid, gas): No data available

Vapor pressure: No data available

Relative vapor density at 20 °C: No data available

Relative density: No data available

Density: 1.03 g/ml Specific Gravity

Solubility: Water: Completely soluble

Log Pow: No data available

Log Kow: No data available

Viscosity, kinematic: No data available

Viscosity, dynamic: No data available

Explosive properties: No data available

Oxidizing properties: No data available

Explosive limits: No data available.

9.2. Other information

No additional information available.

SECTION 10: Stability and reactivity

10.1. Reactivity

No additional information available.

10.2. Chemical stability

Stable under normal conditions of use.
10.3. Possibility of hazardous reactions
Hazardous polymerization will not occur.

10.4. Conditions to avoid
No additional information available.

10.5. Incompatible materials
No additional information available.

10.6. Hazardous decomposition products

SECTION 11: Toxicological information

11.1. Information on toxicological effects

<table>

12.1. Toxicity
Ecology - general: Readily biodegradable. (OECD 301B method). The surfactant(s) contained in this preparation complies with the biodegradability criteria as laid down in Regulation (EC) No. 648/2004 on detergents. Data to support this assertion are held at the disposal of the competent authorities of the Member States and will be made available to them, at their direct request or at the request of a detergent manufacturer.

12.2. Persistence and degradability

</table>

12.4. Mobility in soil
No additional information available.

12.5. Other adverse effects
Avoid release to the environment.
SECTION 13: Disposal considerations

13.1. Waste treatment methods

Waste disposal recommendations : Dispose in a safe manner in accordance with local/national regulations. Do not re-use empty containers. Dispose in a safe manner in accordance with local/national regulations.

Additional information : Never return unused material to original container. Small spills may be flushed to a sanitary sewer with copious amounts of water, if in accordance with local, state or national legislation. Dispose in a safe manner in accordance with local/national regulations.

Ecology - waste materials : Avoid release to the environment.

SECTION 14: Transport information

In accordance with DOT
Not regulated for transport.

Additional information

Other information : No supplementary information available.

ADR
Transport document description : No additional information available.

Transport by sea
No additional information available.

Air transport
No additional information available.

SECTION 15: Regulatory information

15.1. US Federal regulations
Not applicable.

15.2. US State regulations
Not applicable.

SECTION 16: Other information

Revision Date : 01/26/2018
Other information : None.

NFPA health hazard : 0 - Exposure under fire conditions would offer no hazard beyond that of ordinary combustible materials.

NFPA fire hazard : 0 - Materials that will not burn.

NFPA reactivity : 0 - Normally stable, even under fire exposure conditions, and are not reactive with water.

SDS US (GHS HazCom 2012)
The information on this sheet is not a specification and does not guarantee specific properties. The information is intended to provide general knowledge as to health and safety based upon our knowledge of the handling, storage and use of the product. It is not applicable to unusual or non-standard uses of the product or where instruction or recommendations are not followed.
