SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier
Product form: Mixture
Trade name: Spor-Klenz® Ready To Use Cold Sterilant
Product code: 6525

1.2. Relevant identified uses of the substance or mixture and uses advised against
1.2.1. Relevant identified uses
Industrial/Professional use spec: For professional use only
Use of the substance/mixture: Hard Surface Antimicrobial

1.2.2. Uses advised against
No additional information available.

1.3. Details of the supplier of the safety data sheet
Manufacturer:
STERIS Corporation
P. O. Box 147, St. Louis, MO 63166, US
Telephone Number for Information: 1-800-444-9009 (Customer Service-Scientific Products)
US Emergency Telephone No.1-314-535-1395 (STERIS); 1-800-424-9300, 703-527-3887 (CHEMTREC)
Email: asksteris_msdss@steris.com

SECTION 2: Hazards identification

2.1. Classification of the substance or mixture
GHS-US Classification
Eye Dam 1 H318
Full text of H-phrases: see Section 16.

2.2. Label elements – This label is regulated by the EPA under FIFRA. Refer to Section 15.
GHS-US Labelling
Hazard pictograms (GHS-US): ![GHS05]
Signal word (GHS-US): Danger
Hazard statements (GHS-US): H318 - Causes serious eye damage.

2.3. Other hazards
No additional information available.

SECTION 3: Composition/information on ingredients

3.1. Substances
Not applicable.

3.2. Mixture

### SECTION 4: First aid measures

#### 4.1. Description of first aid measures

**First-aid measures general**: Never give anything by mouth to an unconscious person. If you feel unwell, seek medical advice (show the label where possible).

**First-aid measures after inhalation**: Remove to fresh air and keep at rest in a position comfortable for breathing. Immediately get medical attention.

**First-aid measures after skin contact**: Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower. If skin irritation occurs: Get medical advice/attention.

**First-aid measures after eye contact**: In case of contact with eyes flush immediately with plenty of flowing water for 10 to 15 minutes holding eyelids apart and consult an ophthalmologist. In all cases of doubt, or when symptoms persist, seek medical advice. Remove contact lenses, if present and easy to do. Continue rinsing.

**First-aid measures after ingestion**: Rinse mouth. Give water to drink if victim completely conscious/alert. Do NOT induce vomiting. Immediately call a POISON CENTER or doctor/physician.

#### 4.2. Most important symptoms and effects, both acute and delayed

**Symptoms/injuries**: Causes serious eye damage.

**Symptoms/injuries after inhalation**: May cause minor irritation to the respiratory tract and to other mucous membranes. The following symptoms may occur: Runny nose. Sore throat. Coughing. Sneezing.

**Symptoms/injuries after skin contact**: Effects of skin contact may include: irritation and burn feeling.

**Symptoms/injuries after eye contact**: Causes serious eye damage. Direct contact may cause severe irritation, pain and burns, possibly severe, and permanent damage including blindness.

**Symptoms/injuries after ingestion**: May cause burns or irritation of the linings of the mouth, throat, and gastrointestinal tract. May cause gastrointestinal irritation, nausea, vomiting and diarrhoea. Bleeding of the gastrointestinal tract.

#### 4.3. Indication of any immediate medical attention and special treatment needed

No additional information available.

### SECTION 5: Firefighting measures

#### 5.1. Extinguishing media

**Unsuitable extinguishing media**: Do not use a heavy water stream.

#### 5.2. Special hazards arising from the substance or mixture

#### 5.3. Advice for firefighters

**Firefighting instructions**: Exercise caution when fighting any chemical fire. Avoid (reject) fire-fighting water to enter environment.

**Protective equipment for firefighters**: Do not enter fire area without proper protective equipment, including respiratory protection. Use self-contained breathing apparatus.

**Other information**: Do not mix with: Chlorinated products as this could liberate toxic corrosive chlorine gas.

### SECTION 6: Accidental release measures

#### 6.1. Personal precautions, protective equipment and emergency procedures

**General measures**: Do not breathe fumes, vapors. Avoid contact with skin, eyes and clothes.

**For non-emergency personnel**

**Protective equipment**: Wear suitable protective clothing. Wear protective gloves and eye/face protection. Boots.

**Emergency procedures**: Evacuate unnecessary personnel. Stop leak if safe to do so.
For emergency responders
Protective equipment: Equip cleanup crew with proper protection.
Emergency procedures: Ventilate area.

Environmental precautions
Relevant water authorities should be notified of any large spillage to water course or drain.

Methods and material for containment and cleaning up
Methods for cleaning up: Soak up spills with inert solids, such as clay or diatomaceous earth as soon as possible. Collect spillage. Store away from other materials. Leftovers: Neutralize with sodium bicarbonate. Neutralize with dry sodium carbonate.

Reference to other sections
See Heading 8. Exposure controls and personal protection.

SECTION 7: Handling and storage

Precautions for safe handling
Wash hands and other exposed areas with mild soap and water before eat, drink or smoke and when leaving work. Provide good ventilation in process area to prevent formation of vapor. Do not breathe gas, fumes, vapor or spray. Keep container tightly closed to avoid moisture absorption and contamination.

Hygiene measures
Wash hands thoroughly after handling. Take care for general good hygiene and housekeeping.

Conditions for safe storage, including any incompatibilities
Comply with applicable regulations. A washing facility/water for eye and skin cleaning purposes should be present. Provide adequate ventilation.

Storage conditions
Keep only in the original container in a cool, well ventilated place. Keep container closed when not in use. Keep out of reach of children.

Incompatible materials

Storage temperature
< 24 °C ( < 75°F).

Heat and ignition sources
Store away from excessive heat. Remove all sources of ignition.

Storage area
Store in dry, cool, well-ventilated area. Do not expose to direct sunlight.

Special rules on packaging
Correctly labelled.

Pesticide Storage
Do not contaminate water, food, or feed by storage or disposal.

Specific end use(s)
No additional information available.

Exposure controls
Appropriate engineering controls: Emergency eye wash fountains and safety showers should be available in the immediate vicinity of any potential exposure. Ensure adequate ventilation.
Personal protective equipment
Avoid all unnecessary exposure. Personal protective equipment should be selected based upon the conditions under which this product is handled or used. The following pictograms represent the minimum requirements for personal protective equipment. Protective clothing. Gloves. Protective goggles. Protective goggles.

Hand protection
Wear protective gloves, rubber or nitrile gloves.

Eye protection
Wear chemical goggles or face shield.

Skin and body protection
Wear suitable protective clothing. Rubber apron, boots

Respiratory protection
Work in well-ventilated zones or use proper respiratory protection. Wear approved mask

Other information
When using, do not eat, drink or smoke.

SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

Physical state
Liquid

Color
Colorless

Odor
Acidic characteristic

Odor threshold
No data available

pH
1.5 - 2

Relative evaporation rate (butylacetate=1)
No data available

Melting point
No data available

Freezing point
No data available

Boiling point
No data available

Flash point
No data available

Self ignition temperature
No data available

Decomposition temperature
No data available

Flammability (solid, gas)
Non flammable

Vapor pressure
No data available

Relative vapor density at 20 °C
No data available

Relative density
No data available

Density
c. 1.01 g/ml

Solubility
Water: Completely soluble

Log Pow

Oxidizing properties
No data available

Explosive limits
No data available.

9.2. Other information
No additional information available.

SECTION 10: Stability and reactivity

10.1. Reactivity
Thermal decomposition generates: Corrosive vapors.

10.2. Chemical stability
Stable under normal conditions of use. Recommended storage temperature.

10.3. Possibility of hazardous reactions
Not established.

10.4. Conditions to avoid
Store in a cool dry place. Keep storage temperature below 75 °F (24 °C). Take any precaution to avoid mixing with combustibles.

10.5. Incompatible materials
10.6. **Hazardous decomposition products**

## SECTION 11: Toxicological information

### 12.4. Mobility in soil

No additional information available.

### 12.5. Results of PBT and vPvB assessment

No additional information available.

### 12.6. Other adverse effects

Avoid release to the environment.

### SECTION 13: Disposal considerations

#### 13.1. Waste treatment methods

Waste disposal recommendations:

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on-site in a sanitary sewer or at an approved waste disposal facility.

Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container ¼ full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this process two more times.

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for Guidance.

Additional information:

CONTAINER DISPOSAL: Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available. Clean container promptly after emptying.

Ecology - waste materials:

Avoid release to the environment.

### SECTION 14: Transport information

In accordance with ADR / RID / ADNR / IMDG / ICAO / IATA

Not regulated for transport.

#### 14.1. UN number

Not applicable.

#### 14.2. UN proper shipping name

Not applicable.

#### 14.3. Transport hazard class(es)

Not applicable.

#### 14.4. Packing group

Not applicable.
14.5. Environmental hazards
No supplementary information available.

14.6. Special precautions for user

14.6.1. Overland transport
No additional information available.

14.6.2. Transport by sea
No additional information available.

14.6.3. Air transport
No additional information available.

SECTION 15: Regulatory information

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

EPA FIFRA Pesticide Product Notice
This chemical is a pesticide product registered by the United States Environmental Protection Agency and is subject to certain labeling requirements under federal pesticide law. These requirements differ from the classification criteria and hazard information required for safety data sheets (SDS), and for workplace labels of non-pesticide chemicals. The hazard information required on the pesticide label is reproduced below. The pesticide label also includes other important information, including directions for use.

EPA FIFRA Signal Word
Danger

EPA FIFRA Hazard Statements
Keep Out of Reach of Children
Hazard to Humans and Domestic Animals
Corrosive.
Causes irreversible eye damage.
Harmful if absorbed through the skin.
Do not get in eyes, on skin or on clothing.
Avoid contact with skin.
Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.
Remove contaminated clothing and wash hands before reuse.
Caution should be used when applying indoors because pets may be at risk.

15.2. Chemical safety assessment
No chemical safety assessment has been carried out.

SECTION 16: Other information

Revision Date: 09/11/2019
Other information: None
